DESCRIPTION	<p>Windsor provides special programming for advanced students in grades 3 to 12.</p> <p><b>Grades 3-5:</b> A full-time teacher at each of the elementary schools provides weekly enrichment to students in grades 3-5 who are identified as above average in mathematics and/or language arts. In addition, these resource teachers provide school-wide enrichment opportunities for all students.</p> <p><b>Grades 6-8:</b> At the middle school level this model is continued with a full-time resource teacher for the 6th grade. There is no pull-out program in the 7th or the 8th grades, but students to have the opportunity to do advanced work in math and writing as well as special advanced science programs in grades 7 and 8. There is also an after school Enrichment Cluster Program open to all students in grades 6-8.</p> <p><b>Grades 9-12:</b> The high school programming offers an honors program, a seminar program in math/science, music/art, and/or English/social studies, as well as many Advanced Placement courses and an individualized gifted seminar. The high school gifted seminar is designed to complement the academic portion of the program. Therefore, all students enrolled in the program are required to participate in seminar activities so that they may experience its full scope.</p>
